

BARTLEY BONDSMEN CASE UP

Old Matter Comes to Trial for Fifth Time on Monday.

AGAINST ALL SURFIES THIS TIME

Judge Baxter of District Court Will Try the Case at Request of His Colleague, Judge Read.

The case against the bondsmen of the defaulting state treasurer, Joseph Bartley, which has been aired in the courts repeatedly, will come up for a fifth trial before Judge Baxter Monday morning.

In hearing this case, by request of Judge Read, the case will be heard in the latter's court. Judge Baxter heard the case the last time and Judge Read has asked him to hear it this time. During the past week Judge Baxter has been holding court in Burlington and Judge Read will go to Burlington to finish Judge Baxter's docket.

The hearing in the much-mooted Bartley case this time is on a remand from the supreme court. At the last trial the case was tried against E. E. Brown, C. C. McNish and J. H. Ames, bondsmen for Bartley. W. A. Paxton, Thomas Swobe and Cadet Taylor, the other bondsmen, were not made parties to the suit, since it was shown that they had signed Bartley's bond after it had been filed in the supreme court and it was further shown that there had been no consideration. The case is now sent back by the supreme court for a trial against all the bondsmen.

DISAGREE ON BENNETT DECREE

Attorneys in Estate Matter Affecting W. J. Bryan Must Leave Word- ing to Court.

NEW HAVEN, Conn., Nov. 21.—The inability of opposing counsel in the case of the will of the late Philo S. Bennett to agree on the form of the formal decree to be entered in the probate court proceedings was made manifest today when Judge Henry Stoddard, as counsel for Mrs. Bennett, the widow, and other heirs, filed with Judge W. Livingston W. Cleveland of the court his draft of the form of the decree. With it Judge Stoddard submitted a note to the court saying that Attorney Hewitt of counsel for William J. Bryan, the executor of the will, had been unable to agree with him as to the wording of the decree, the inference being that Mr. Hewitt will also submit his idea of the form of the decree should take, and that the court will have to settle the matter.

COLUMBIA GETS THE MONEY

Trustees of the College Empowered to Inherit Residuary Estate of Stephen Phoenix.

NEW YORK, Nov. 21.—The appellate division of the supreme court has decided that the trustees of Columbia college are empowered to inherit the residuary estate of Stephen Whitney Phoenix, who died in 1881. The executors found that the bequest was worth \$51,000. The college has already come into more than \$10,000 of the estate in bonds and securities. Some of the heirs contested on the ground that the college under its charter cannot hold real estate with an income exceeding \$50,000 a year.

ISTHMUS OF DARIEN

Only Forty Miles From Sea to Sea and the De Lesseps Canal is Partly Constructed.

A NEW CANAL TREATY

Has Been Negotiated for Submission to the Congresses of Panama and United States.

A republic forty miles in width is a narrow proposition, but when that forty miles includes the shortest possible canal distance between two oceans the dignity of the narrow republic is immensely heightened. Today the world regards the little republic of Panama with an interest and attention not accorded any other spot on the earth. The bloodless insurrection, the prompt establishment of a government, the negotiation of a convention with the United States and the general recognition of the independence of the new commonwealth have followed each other with marvelous rapidity. A big nation is interested in the kittenish young thing and stands guard over the baby republic's cradle. No possible harm can come to Panama.

B. H. ROBINSON, PRESIDENT of the Bankers Reserve Life Company will probably collect and disburse through his Nebraska Company larger sums of money within the next ten years than the President of Panama. The Bankers Reserve Life will be a \$50,000,000 company by that time and its reserves will be greater than the treasury balances of the Isthmian Republic. The Bankers Reserve Life will not engage in the canal business, but it will cut through the isthmus which now divides the east from the west in life insurance matters. The

BANKERS RESERVE LIFE will have a larger volume of business in the west than any single great eastern competitor, because the west appreciated western vigor, western enthusiasm and western methods. With \$7,000,000 of extra selected risks and a steadily growing income, the Bankers Reserve Life can go on prospering whether the later-coming canal selects Nicaragua, Panama or Darien. Inform yourself about this great western institution. It will pay you to know about its growth and prosperity.
